## GDPR – CUSTOMER NOTICE

We will be changing our salon software in September 2018, so to ensure our compliance with the new GDPR rulings until that time, we have decided to delete and destroy ALL unnecessary personal client details from our system EXCEPT: Name, telephone number and medical/colour history which is essential for (and will only be used for) appointments and services.

We will be postponing ALL marketing and mailouts until further notice. You may still receive SMS reminders for your appointments. Should you wish to stop receiving these reminders, please email [thrive@thrivewithhair.com](mailto:thrive@thrivewithhair.com) and your reminders will be cancelled.

If you have any questions relating to the information we hold about you, please speak to your stylist.

Thank you for your continued support  
Kim & Jamie
